

The background of the advertisement is a composite image. On the left side, there is a stack of light-colored wooden planks. On the right side, there is a large, out-of-focus blue gear. A diagonal purple shape cuts across the bottom of the image, serving as a background for the text.

An insurance product,
designed, tested, assembled
and packaged especially for you!

Reducing your insurance costs,
through greater understanding

Manufacture is a facility offering tailor-made insurance for the manufacturing industries, providing many unique benefits not available via any other insurance broker.

Supported by leading UK insurers, **Manufacture** embraces a range of insurance contracts to cater for the broad spectrum of trades and activities that this sector encompasses.

Why compromise when you can benefit from competitive and flexible insurance designed to meet the unique needs of your business, whatever your specialist area?

Why choose **Manufacture**?

Quite simply, our aim is to provide a superior level of protection for businesses at a reduced annual cost, supported by an impressive level of specialist broker support.

We have designed a facility for you in which the policies provide a broad level of protection, with the inclusion of additional insurance covers, enhanced levels of indemnity and many other policy benefits.

You will no doubt view cost as a priority. Indeed, we are yet to be contacted by a business where premium savings are not a prime concern. **Manufacture** is designed to help you reduce your expenditure.

How it works

In association with insurers' underwriting and risk consultancy divisions a unique strategy has been developed for insuring businesses within the Manufacturing Sector.

This has produced highly competitive rates to ensure that we can demonstrate premium benefits to companies, particularly those with quality risk management procedures.

The more companies that participate in **Manufacture**, the greater the volume of premium income generated. This allows the insurers to maintain the improved levels of insurance cover and highly competitive premiums to the overall benefit of our clients.

An effective long-term insurance solution

Whilst we have established that insurance costs are a concern for every business, we are yet to find one that relishes the time consuming process of looking for alternative quotations. We therefore recognise the value to customers of finding a long-term insurance provider.

We feel sure you'll agree that with the assurance of consistently attractive pricing and real enhancements in cover there will no longer be a need to consider alternative policies at each renewal.

Financial security

Financial security in the insurance industry has been particularly highlighted in recent years. **Manufacture** provides peace of mind in offering you the security of leading UK insurers, where the financial security is endorsed by favourable credit ratings from such bodies as Standard & Poors and A M Best.

Protect and insure

Our partnership with insurers enables us to go beyond insurance alone. We have access to a wide variety of risk consultancy services to assist with the numerous regulations which may affect your business. This can be provided independently or as part of the **Manufacture** package.

What can **Manufacture** do for you?

There's only one way to find out!

Call us now with details of when your insurance falls due for renewal and we will contact you in advance of the expiry date.

Our review process is designed to be hassle free -
leaving you to concentrate on your business.

The **benefits** are clear!

Outlined below are just some of the features available from our range of specialist products.

Consistently Competitive Premiums for the Long-Term

About us

Manufactsure is brought to you by Cotters Insurance Services Limited, an Independent Insurance Intermediary and a member of the British Insurance Brokers Association. Cotters Insurance is authorised and regulated by the Financial Services Authority.

We boast a wealth of experience in meeting the insurance needs of businesses and more specifically those within the manufacturing sector. As a result we are able to provide expert advice in the areas of asset and revenue protection, legal liabilities and other trade and professional risks. Our ability to cater for the full range of business insurances, as well as company staff schemes and the personal insurances of directors and managers, allows us to organise all your requirements securely "under one roof".

Our objectives of providing extensive insurance cover and highly competitive premiums are reinforced with a level of broker service that we believe is second to none. This is endorsed by the fact that over 90% of our clients choose to retain us as their insurance brokers each year.

Having reviewed and arranged your insurances professionally we aim to leave you feeling assured that you have found a long-term insurance provider, allowing you the time to concentrate on your business.
